Re: Olin Site - Wallisville Road, Houston, Texas.

Dear Dennis:

After considerable searching, I have located and enclose herewith a copy of the Foundation Investigation prepared in connection with the construction of the Mustang Industrial Equipment Company building on the captioned tract.

You will note from reading the report that the soil type consists of plastic dark gray and tan clays and that borings of twenty (20) feet encountered no water.

Should you have further questions, please advise.

Sincerely yours,

OLIVIER, STUMPF, FALGOUT & GUYNES
